MED-HEALTH aims at building up South Mediterranean HEIs’ competences in the field of Public Health to improve public health performance, employment & development perspectives in the region.

Creating a Regional Health Management Network to ensure regional debate, harmonization of practices and sustainability of the project outputs for the ultimate benefit of the citizens of the South Mediterranean region.

Establishing an e Portal on Public Health Management in the Mediterranean partner HEIs as a regional Point of reference in the matter for universities, researchers and professionals.

Introducing a Master Degree Programme in Public Health Management in line with Bologna requirements and with a holistic and regional approach in South Mediterranean universities to prepare highly skilled and competent public health workforce.
