1.0 Purpose	3
2.0 Outcome	3
3.0 Agenda	4

1.0 Purpose

The Study Visit forms part of *WP1: Analysis & Skills Enhancement*, also to discuss the suggested structure for the master degree.

- WP1 is Horizontal WP which creates the knowledge base for definition and implementation of further project activities, with the objective of assessing and analyzing existing PH practice & needs to enhance related capacities at the South Mediterranean partner HEIs.
- This study visit will provide a snapshot of the performance and help identify changes to make improvements that will be taken into account for preparing teaching materials of the Master Programme; identification of literature to be included in these materials.
- Up to 30 Master developers/ lecturers will be introduced into the basic requirements of the development of new study programme in line with Bologna requirements. The participants will be introduced into different aspects of curricula development, incl. ECTS allocation and implementation; learning objectives; modularisation; students' mobility and recognition of degrees & qualifications; procedures for establishment of joint degree programmes.

The participants of the Study Visit will be introduced to the PHM Curriculum Development in Université Libre de Bruxelles – ULB – Belgium, in particular:

- Introduction to Curriculum Development with EU Standards
- Master in Public Health Management LLM (PHM)
- Project Management and next activities
- Visit to university ULB.
- Discuss and present the vision of suggested master program in each country

- 2.0 Outcome

From the visit, it is expected that MED-HEALTH partners identify good practice, learn more about what EU universities are doing to develop curriculum in PHM, and come up with strategies to promote curriculum development in their own universities.

To prepare a unified structural courses for the suggested master degree in Public Health Management.
